

## School Growth Strategic Plan

Approved by the CORLHS Association Board of Directors – May 19, 2009

*UPDATE June 2010*

*Most of the Year 1 objectives and strategies have been completed. The majority of the ongoing items are being accomplished. The school leadership continues to work diligently to accomplish this entire plan as 2010-2011 will be the second year of implementation.*

This plan contains the following big-picture goals, objectives and strategies for five key areas:

### Enrollment

Goal: The CORLHS student body grows at a rate of at least 10% a year.

### Development

GOAL: CORLHS has a fully developed and implemented program for development which provides sufficient income to operate the school, lower the debt, expand existing programs and establish new programs.

### Public Relations

GOAL: CORLHS is well known in the community and appeals to families and benefactors from all Christian backgrounds.

### Programs

GOAL: CORLHS's curricular, extra-curricular and support programs are of excellent quality, rigorous and expanding.

### Financial

GOAL: CORLHS's cost per student is held as low as possible yet sufficient allocations are made to provide the best education possible. Tuition and fee structures are fair and accessible to a large percentage of the population.

To see all of the objectives and strategies for each goal, see two views of the entire plan below:
