---

Sheltered Reality is a non-profit, youth-oriented project that uses a unique percussive approach to provide invigorating entertainment and a presentation with a deeper purpose. This all drum group has performed for thousands of events across the United States. They use the universal language of music and personal letters and stories to speak to the hearts of audiences. These words are about people that have displayed courage, commitment, and genuine concern for the welfare of others, even under trial. Their message is simple: With God guiding and using us, we have the power to make a difference in the lives of our neighbors and the world around us.
